DESCRIPTION OF THE ORGANISATION

Scout valley is the first scout campsite in Lithuania. It is located in the heart of the country near beautiful old city Ukmergė, 70 km away from other big cities – Vilnius, Kaunas and other.

We are in close relationship with national Lithuanian Scout organisation and Lithuanian Sea scouts.

Scout valley was established in 2014 and is in its stage of development. Everyone and anyone who loves nature can find his place in the campsite activities. Volunteers are highly appreciated in everyday tasks, maintenance and organization.

The campsite offers a wide range of scouting activities for our visitors:

- ▶ on the site (archery, team building games, bonfire practice, cooking, strategic games, axes and knives etc.);
 - ▶ out in the nature (hikes, indicative races etc.);
 - ▶ on the water (rowing, sailing, kayaking, rafting and team building etc.)
